Parents! We need your envelopes back please!

On Feb. 4th, students celebrated 100 days of school by dressing up as a 100 year old person.

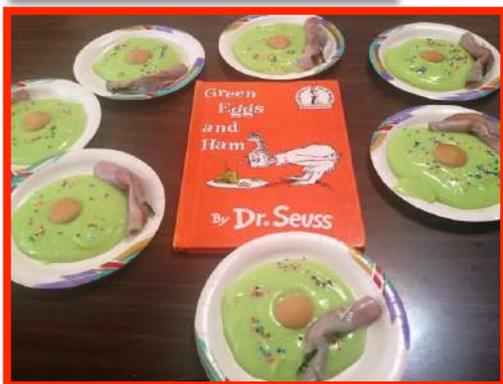

TRIKE-A-THON

Our Preschool/Kindergarten Trike-a-thon was held on Feb. 12th at the preschool. The children had a lot of fun! We had more bicycles than trikes this year. Thankfully, we had some dads watching that were able to make emergency repairs in the PIT STOP!! We need to finish the required work on our permit from the City of Fortuna, which includes a fire alarm system. The system will cost \$3,500, and we are hoping to raise at least \$3,000! All pledges are due Tuesday, March 3rd.

Thank you Mark and Grandma Connie Murray for our new basketball hoops. The kids are having a great time!

We have a new patio floor! Thank you, Jim Hendrix, Gordon Clapp, & son-in-law for making our preschool SO NICE!

News from Mrs. G's desk: It's time to do the County Science Fair! Student boards that scored well in our school science fair will be taken to Humboldt State gym during the week of March 16th-19th. Mrs. G has classroom responsibilities and needs someone to transport the boards there on the 16th and pick them up on the 19th.

The Logging Conference is also scheduled for the 19th for grades three through sixth. Drivers are also needed for this event. It will be all day. Classrooms are working on murals for the conference and hoping to win the \$50 prize!

Jr. High

Junior High plus wet cement! Some teachers and parents might get nervous at the very thought, but Mrs. Holmes handled the experience with enthusiasm and we had fun creating planters of various shapes and sizes. Larissa Yates, owner of " Succulent Bliss" came to demonstrate her way of making containers for her plants from a mold, cloth, and wet cement. The Holmes clan followed up with after-care of the creations. We will be spray painting soon and possibly planting.

High School

The high school biology class recently dissected sheep hearts.

WORSHIP TEAM

This is the time of year that the worship team really becomes a solid team. They have worked together for months now and newer students on the team are getting more and more confident while the more experienced students are gaining excellence! We even have several musicians who play many different instruments.

The 5/6 grade class has started working on worship band instruments, which also includes the sound board and singing. It's safe to say, they are having a blast! Each student rotates on different instruments throughout the class period as we work on a song. They have realized how difficult it is to play as a team, but also how fun it is to play as a team!
